PROFESSIONAL EXPERIENCE

Project Manager | API Consultant | Network Engineer

Project Manager

Innovate Solution — Dhaka, Bangladesh | April 2025 – Present

Key Responsibilities:

- Lead end-to-end software projects, ensuring on-time and high-quality delivery.
- Coordinate cross-functional teams for seamless project execution.
- Liaise with international clients, gather requirements, and provide updates.
- Drive continuous improvement in project workflows and team performance.
- Mentor team members and promote best practices.

API Consultant

Innovate Solution — Dhaka, Bangladesh | April 2025 – Present

Key Responsibilities:

- Design, implement, and maintain robust API integrations.
- Develop and review API documentation, testing, and integration strategies.
- Ensure interoperability and performance across multiple systems.
- Collaborate with developers and QA teams to resolve technical issues.
- Provide technical guidance to clients and internal teams on API solutions.

Network Engineer

Innovate Solution — Dhaka, Bangladesh | April 2025 – Present

Key Responsibilities:

- Design, configure, and maintain scalable network infrastructure.
- Monitor network performance, troubleshoot issues, and implement improvements.
- Ensure security, reliability, and optimal uptime of systems.
- Collaborate with cross-functional teams to support software and API operations.
- Mentor junior network engineers and share best practices.

Software Quality Assurance (SQA) Engineer

Innovate Solution

Key Responsibilities

- Plan, execute, and monitor functional, regression, and usability testing for web and mobile applications.
- Identify, track, and resolve defects using Jira and other QA tools to ensure product quality.
- Collaborate with developers, designers, and project managers to maintain technical alignment and smooth workflow.
- Develop and maintain test cases, test scripts, and QA documentation.
- Ensure adherence to quality standards and best practices across projects.

RELEVANT EXPERIENCE

Project Leader – University Capstone Project

 International Islami University, Chittagong.

 January 2021 - May 2024

- Led a team of students to develop a comprehensive software solution using C, C++, and Java, integrating project management practices to meet deadlines and quality standards.
- Organized team meetings, delegated tasks, and ensured efficient collaboration, resulting in a successful project presentation that was highly commended by faculty.
- Implemented project timelines, tracked milestones, and maintained project documentation, fostering strong communication and accountability within the team.

SKILLS

- **Project Management:** Leadership, team collaboration, Agile practices
- **Networking:** Configuration, security protocols, troubleshooting
- **Machine Learning:** Model development, data analysis, research methodologies
- **Operating Systems:** Windows, Linux, Unix
- Git
- Teaching Assistant.
- Data Entry.
- Microsoft Word, Excel, Power point.

STRENGTHS

- Strong leadership and problem- solving mindset (target-focused drive)
- Excellent English communication skills (written & verbal)
- Proactive, agile-minded, and focused on delivering top- quality products efficiently
- Experienced in working with technical teams and global clients, ensuring alignment and clarity
